**ZB 207-49 Michael Molgano**, Text change to modify building coverage standards in the R-10 and R-20 Districts by special exception.

He noted that the applicant has filed a variance application with the ZBA in the event that this application fails. Mr. Stein and Mr. Dumais described the most recent changes to the application.

Several members of the Board felt that the applicant should make every effort to obtain a variance through the ZBA before seeking a text change to the regulations. The Board agreed that since new changes were made to the application, it would not be fair to vote and decided to table the referral application to a future date for consideration.

**ZB 207-47 First Presbyterian Church**, Special Exception to authorize a child day care center at 1101 Bedford St.

Mr. Stein described the details of the application to the Board.

He noted that the Minimum Yard Dimension variances requested were to permit construction of 2<sup>nd</sup> and 3<sup>rd</sup> stories over an existing nonconforming home. Mr. Dumais also noted that the proposed additions and additional density were not out of character with the surrounding neighborhood.

Mrs. Dell moved to recommend approval of the application. Mrs. Grosso seconded the motion and it passed unanimously with the members present voting.
